#### Remarks

Nestled on 1.77 acres of fenced land, this delightful brick home offers a serene rural feel, though it is close to everything! The 1st thing you'll notice are the original hardwood floors throughout the home, along with all the original woodwork and charming character. The bright and sunlit living room, featuring floor-to-ceiling windows, is highlighted by a stunning brick fireplace. Just off the living room, through French doors a cozy covered side porch awaits. The quaint kitchen boasts hardwood flooring & is connected to a sunny dining room, mudroom & pantry. An adorable half bath completes the 1st floor. Upstairs, the spacious master includes an extra sitting area & his-&-her closets. 2 additional bedrooms with plenty of closet space and a renovated bathroom complete the 2nd floor. The full walk-up attic provides ample storage space or perhaps space to grow. The dry walkout basement includes a finished rec/family room with a 2nd brick wood burning fireplace. The unfinished utility area is home to the laundry room, the converted gas furnace installed in 2021 and a Bilco door to the backyard. The A/C system was also replaced in 2021. The 3-car detached garage, with a separate workshop or office & walk-up attic, offers excellent usage & storage options. A separate shed is perfect for lawn
